0%
NTA
PHOSPHATE

Scaling cleaner for hulls & rust streaks

ACID FORMULA

Properties

- Restores whiteness and revives the gelcoat very quickly
- Removes the yellow veil, and traces of corrosion
- Removes algae, shells, all residues of pollution
- Removes all streaks of rust
- Recommended on stainless steel to eliminate the formation of corrosion

Instructions for use

Dangerous. Respect the safety instructions.

750ml (25oz): spray the surface to treat, let stand 5 to 10 minutes. Rub with a paintbrush or a brush, then rinse with clear water.

1l (33oz) / 5l (169oz): apply on the surface to treat with a roll or a brush, let act for 5 to 10 minutes. Scrub with a brush, then rinse with clear water.

CAUTION: acid product, we recommend to wear gloves, goggles and a protective overall.

Do not dispose of residues to the sewer.
