Properties

Express wax is a cleaning solution specifically developed for the express treatment of boat surfaces. Emulsion with high quality wax, **Express wax** revives quickly and without effort paints or other materials aboard all types of boats. Its concentration in protective agents deposits a shiny film that protects, nourishes and maintains materials. The **Express wax** formula facilitates the cleaning at every use. After application, **Express wax** restores shine and luminosity of **gelcoat, stainless steel, Plexiglas, plastic and polycarbonates**. Its components give a flawless result and are soft to the touch. Active cleaner with degreasing properties, this product is extremely functional, easy to use and suitable for daily use.

Components features:

Detergent: effectively removes dirt.

Mild abrasive: removes impurities, encrusted dirt and resistant deposits.

Wax: protects and shines, makes surfaces easier to clean and pleasant to touch.

Instructions for use

Express use: pour a dose **Express wax** on a cloth, apply on the surface by rubbing lightly. Wipe after drying.

Do not dispose of residues to the sewer. Dispose of the product and its container as hazardous waste.

Technical specifications

Physical state: viscous **colour:** white **pH:** ca.8,5 **density:** ca.0,97

Storage: Keep tightly closed and protected from cold, frost, UV rays and heat in a ventilated place.

Environment: The surfactants contained in this preparation comply with the criteria of biodegradability as defined in Regulation (EC) no 648/2004 on detergents.
